

# **XMPP: Beyond Standards**

Matthew Wild  
(`'MattJ'`)  
`@ FOSDEM 2016`

# Introduction

XMPP

Why are we working on this?

Today

## What do users need?

- Freedom
- Security
- Privacy
- Reliability

## What do users want?

- Easy registration
- Stickers
- Cat GIFs
- Their friends

What can we do?

How to fill the gap  
between the protocol  
and the users?

# The Plan

- Clients
- Services
- Centralized services
