Cassandra Turney
★★★★★ 2015/01/27
For an older version

New update
Just downloaded the new update for the Facebook app... and it

Danielle Doucette
★★★★★ 2015/01/29
For an older version

New update sucks
I can't even open Facebook. It will get a better rating once this issue is fixed. For now I'm going on a Facebook break.

Cami SJ
★★★★★ 2015/01/28
For an older version

Ehh
Slow, refreshes on its own while I'm scrolling through the news feed and I have to find where I was before.... but come to find out, everything that was there before is now gone. Why when it refreshes, the ones I was just looking at disappear?!

Toriie Anywhathings-Tomahawk

Key Ideas

- Connecting end users, developers, designers, ...
- Allow them to discuss and prioritize new ideas
- Make clear what developers are working on
- Integrate in any context
- Export options

Dev Details

- Progressive Web App
 - responsive, mobile first
 - installs on home screen
 - Polymer 1.x Web Components
- REST backend
 - Java microservice architecture
 - OpenID Connect
- Source hosted on GitHub
- JIRA for Issue Management
- Jenkins for Continuous Integration

GitHub

JIRA

Demo

Outlook

- Enhance 3rd-party integration
- Gamification
- Add design tools
- Embrace new communities
- Localization
