Framapad

Draft a text online, as a team, in real time, with the help of a timeslider, chat, comments... (alternative to Google Docs).

Framacalc

Collaborate online, in real time, on spreadsheets (an alternative to Excel365, Google Spreadsheet).

Framemo

Create a collaborative online and real time table of notes, to animate your brainstorming sessions (alternative to Padlet).

Framaestro

Merge a pad, a video conference and lots of others tools in a single window with a single web link: ideal for meetings.

**3 years later,
what did we learn?**

What we learned

1) By raising awareness

What we learned

This is the scary part...

Free/Libre = Open Source + Ethics

Open Source = Free/Libre - Ethics

IT'S POLITICAL

What we learned

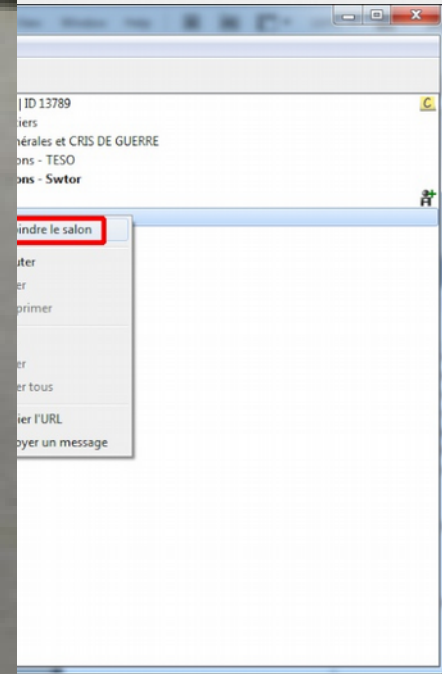

Let's dream together

What we learned

2) By demonstrating

What we learned

Show of hands

- LibreOffice : 22 > 100 commits
- VLC : 10 > 100 commits
- Inkscape : 8 > 50 commits
- Gimp : 6 > 50 commits
- Thunderbird : 6 > 50 commits
- Diaspora* : 4 > 50 commits
- Etherpad : 0 > 50 commits (2 > 40)

What we learned

Let's care together

What we learned

3) By decentralizing

What we learned

Let's share together

De-Google-ify Internet

...IS NOT ENOUGH!

- Dream like a Utopist
- Reach out like a Sharer
- Care like a Commoner

Challenge accepted!
