BRUSSELS 1 FEBRUARY - 2 FEBRUARY

8000+ hackers • 800+ lectures • lightning talks • devrooms • beer

WELCOME TO THE 20TH EDITION OF FOSDEM

INFODESK

In this booklet, you will find useful information about the conference and the venue. If you have any questions, the volunteers at the infodesks will be happy to help you. The main infodesk is located in building K. A secondary infodesk can be found in building H. Staff and volunteers also roam around the campus and can be recognised by their bright yellow and orange T-shirts. There is a handy map on the back of this booklet, pointing out the locations of all buildings, rooms, and the infodesks. They can also be found on nav.fosdem.org.

TABLE OF CONTENTS

- 05 General information
- 07 Getting around
- 09 Developer rooms
- 10 Stands
- 11-16 Floor plans
- 17-21 Sponsors
- 23 Surroundings

FIRST AID

A Red Cross first aid team is present during the weekend. This team is located behind the large auditorium on the second level of the K building.

In an emergency, you can phone the infodesk on +32 2 788 74 74

FRINGE EVENTS

The FOSDEM Fringe consists of independent events involving free and open source software taking place in the days around the FOSDEM weekend. They are organised independently of FOSDEM.

The list of events can be found on the FOSDEM web site at **fosdem.org/2020/ fringe**

2 FOSDEM 2020

CODE OF CONDUCT

In order to keep FOSDEM a fun, interesting and positive experience for everybody, we expect participants to follow our guidelines: FOSDEM aims to be a free, open and cooperative event.

This means we expect collaboration from all the FOSDEM participants, and for everybody to behave respectfully towards all others, including those that are different or think differently from themselves.

Please be helpful, considerate, friendly, and respectful towards all other participants and respect the environment. We don't condone harassment or offensive behaviour at our conference. We consider it against our values as human beings.

We're voicing our strong, unequivocal support of exemplary behaviour by all participants. Please remember that all FOSDEM participants are here by invitation of the conference organisers and the ULB. We expect all participants to follow this Code of Conduct during the conference and related events. This includes conference-related social events at off-site locations, and in related online communities and on social media. Participants asked to stop a particular behaviour by staff are expected to comply immediately. Conference participants violating this Code of Conduct may be expelled from the conference and/or banned from formal participation in future events.

Please bring any concerns to the immediate attention of our coordinating team, by phone +32 2 788 74 73 or email conduct@fosdem.org

Thank you for your help in making FOSDEM a success and pleasant for all the people involved.

VOLUNTEERS SOUGHT

FOSDEM is a conference entirely made by volunteers. While a small crew works on it year-round, most of the work during the conference is done by a large, enthusiastic group of great people who donate their time to make FOSDEM happen - you. And this year is no different - we need your help. Please spare an hour or two to help introduce speakers, run the cloakroom and infodesks or clean up after the event, etc. Just walk up to one of the Infodesks and say you would like to volunteer and we will take care of you.

DONATIONS

FOSDEM is free to attend. The event is organised by volunteers and funded entirely by sponsors, the sale of T-shirts, and individual donations.

In order to keep the event free, we kindly ask you to buy a T-shirt and/ or to make a donation at one of the infodesks. Your donation supports FOSDEM 2020 and future editions. Depending on the amount you donate, you will receive one or more of the following along with our gratitude:

T-shirts are available in **male sizes:** S, M, L, XL, XXL, XXL.

In female sizes:

S, M, L, XL, XXL, XXXL.

It is not possible to get a refund for any reason. Donations are not tax-deductible.

	EUR 25,00	EUR 50,00	EUR 100,00

GENERAL INFORMATION

NETWORK

Best-effort wireless network coverage is available everywhere on campus. To encourage you to support IPv6 in your applications our main "FOSDEM" ESSID does not support IPv4 natively. There are transition measures in place to reach IPv4-only hosts over IPv6 (DNS64 and NAT64). If you cannot live without native legacy IP connectivity for some reason, you can use the dual-stack "FOSDEM-Dualstack" ESSID. Please consider fixing your application or service, though.

ONLINE SCHEDULE

The full conference schedule is available on our website: fosdem.org/schedule/

Check there for amendments or cancellations made after the booklets went to press. You'll also find links to live streams during the event and videos afterwards.

There are third-party applications for just about every smartphone operating system. Check your respective app store/market or see the list at

fosdem.org/schedule/mobile/

ACCESSIBILITY

FOSDEM welcomes all free software and open source developers! While we don't own the university campus and have little control over its accessibility, we have tried to find ways for developers with physical limitations to make the most of the event.

All signposted routes (unless indicated otherwise) between buildings are stepfree. Whenever that is not the case, the accessible path will be clearly indicated. All rooms have step-free access, except for AW1.121 and AW1.125. In U and K you might need to use a lift to get to the correct floor.

We reserve a limited number of seats at the front of both main track rooms for developers with hearing or visual impairments. We cannot make advance reservations in every developer room, but accommodations can usually be made on the spot.

At nav.fosdem.org, you will find our on-campus route planner. It has an option for avoiding stairs. All routes calculated with this option set should be wheelchair and limited mobility accessible.

The accessible routes and the location of the lifts are not always obvious, but FOSDEM staff and volunteers will be happy to show you around.

More information can be found at **fosdem.org/2020/practical/** accessibility/

LOST ON CAMPUS?

Try our wayfinder at nav.fosdem.org

CLOAKROOM

Do you want to get rid of heavy bags, or are you tired of carrying your coat or umbrella around with you? Store them free of charge at our staffed cloakroom during the event. Simply follow the signs in the K building.

LOST PROPERTY

Lost one of your precious belongings? Found something that looks like someone lost it? Please go to the infodesk in the K building for assistance.

CATERING

There are three places on the campus where you can get food and/or drinks (see the map at the back for the exact locations). The cafeteria in the F building (between K and U) has comfortable seating and serves espresso, breakfast, sandwiches, beer and drinks during the event.

The food court has catering vans offering hot food including vegan food, fries, burgers, hot dogs, pasta, sandwiches, vegetarian wrap and waffles. Most vendors accept cash as well as cards. The catering vans will be located on the square between the F and U buildings. Seating is available in the cafeteria in the F building nearby. In the area surrounding the campus there are many other shops and restaurants where you can get food. **See the surroundings map on page 23-24.**

CASH POINTS

There is a cash point on the campus, just past the main bar near the food stands, but experience shows that it runs out of cash quickly during FOSDEM. An alternative cash point can be found at 466, Chaussée de Boondael.

To get there, leave the top of the campus towards where the buses and trams stop, and continue straight ahead until the third roundabout and turn left there. You will find the cash point on the left side of the street.

DO US A FAVOUR...

GARBAGE & GLASS

Please try to keep the campus clean! Throw your garbage into the bins. If you see a full bin, please let staff, volunteers, or infodesk know.

Glass bottles should be put in the boxes located near some bins or in the designated container near the lower level of the H building. If you see people scavenging bottles, please report them to security, staff, volunteers, or infodesk immediately.

CLEANUP

After FOSDEM is over, we will need to clean up, and quickly. We would greatly appreciate your help. This can be as simple as helping stands carry their equipment, grabbing a broom and cleaning the floors, or lend a hand collecting all of FOSDEM's gear. Simply talk to staff, volunteers, or infodesk.

GETTING AROUND MEETING PEOPLE AND DOING THINGS

PUBLIC TRANSPORT

The following STIB/MIVB routes call at "ULB"

- Bus 71 De Brouckère Delta
- Bus 72 ADEPS ULB
- Tram 25 Rogier Boondael Gare
- Tram 94 Louise Roodebeek

See the back cover for a map.

TAXI

If you need a taxi, we suggest calling Taxi Verts on +32 2 349 49 49. The address of the venue is:

ULB Campus Solbosch 50, Av. Franklin D. Roosevelt 1050 Bruxelles

The location where taxis expect to pick you up is marked on the map on the back cover.

FREE SHUTTLE BUSES

On Sunday afternoon, FOSDEM provides a free shuttle bus service from the conference venue to Brussels South (Midi) railway station which has a regular service to many popular destinations within Belgium and to surrounding countries.

Five buses will run at roughly 20-minute intervals from Av. Franklin D. Roosevelt (lower side of the campus). The journey takes approximately 20 minutes. Based on previous experience, we expect the buses to be busiest from 17:30 on. The first bus leaves at 15:30. The last departure will be at 19:30. If you don't want to queue, why not leave later? There are plenty of bars in the neighbourhood where you can pass the time!

KEYSIGNING

The keysigning will take place on Sunday at 14:00 in the corridor on the second level of the U building. Only people who registered for this event in advance can participate. Please bring the printed and verified list, a pen, and appropriate form of identification with you to FOSDEM. Be on time! Please be sure to complete your signing homework before Thursday, 30 April 2020, and upload new signatures on your keys to a wellconnected keyserver.

BOF ROOMS

Small and cosy rooms intended for ad-hoc discussions, meet-ups, or brainstorming sessions. Each seats approximately thirty people. There is deliberately no projector or recording equipment. Reservations are made on a first-come, first-served basis. Signup sheets are available at the infodesk in building H. Directions to the rooms can also be obtained there. We'll update the online schedule to display the bookings several times during the event.

HACKER ROOM

Need a break? Want to spend some quiet time coding? Need to recharge yourself and/or your devices? There is a hacker room where you can sit back and do all that. The hacker room is H.2211 in the upper H building.

ANNOUNCEMENT CORNER

This is the place to be for all sorts of announcements, including adverts and leaflets of software releases, community projects, and so on. Adverts may not be placed anywhere else on campus! Handing out flyers is likewise not allowed. In the "job corner" section, information on employment or contracting opportunities can be found. The corner is in the upper H building. Some common sense rules apply. Everything must be related to FOSS. If in doubt, ask a member of staff.

FEEDBACK

How are we doing? Are you enjoying this edition of FOSDEM? Is there anything we can do to make future events better?

Please take a minute to fill in our feedback form on page 22. feedback@fosdem.org

DEVELOPER ROOMS

Developer rooms are are assigned to self-organising groups to work together on open source projects, to discuss topics relevant to a broader subset of the community, etc. See nav.fosdem.org on how to get to them.

CORNERSTONE SPONSORS

Google's innovative search technologies connect millions of people around the world with information every day. Founded in 1998 by Stanford Ph.D. students Larry Page and Sergey Brin, Google today is a top web property in all major global markets. Google's targeted advertising program, which is the largest and fastest growing in the industry, provides businesses of all sizes with measurable results, while enhancing the overall web experience for users. Google is headquartered in Silicon Valley with offices throughout North America, Europe, and Asia.

Google supports the event financially.

Red Hat is the world's leading provider of open source software solutions, using a community-powered approach to reliable and high-performing cloud, Linux, middleware, storage and virtualization technologies. Red Hat also offers awardwinning support, training, and consulting services. As the connective hub in a global network of enterprises, partners, and open source communities, Red Hat helps create relevant, innovative technologies that liberate resources for growth and prepare customers for the future of IT.

Red Hat supports the event financially.

MAIN SPONSORS

arm

Arm technology is at the heart of a computing and connectivity revolution that is transforming the way people live and businesses operate. Our advanced, energy-efficient processor designs have enabled intelligent computing in more than 125 billion chips. Over 70% of the world's population are using Arm technology, which is securely powering products from the sensor to the smartphone to the supercomputer. This technology combined with our IoT software and device management platform enables customers to derive real business value from their connected devices. Together with our 1,000+ technology partners we are at the forefront of designing, securing and managing all areas of compute from the chip to the cloud.

Arm supports the event financially.Learn more at www.arm.com

aws

For over 12 years, Amazon Web Services has been the world's most comprehensive and broadly adopted cloud platform. AWS offers over 125 fully featured services for compute, storage, databases, networking, analytics, robotics, machine learning

and artificial intelligence (AI), Internet of Things (IoT), mobile, security, hybrid, virtual and augmented reality (VR and AR), media, and application development, deployment, and management from 60 Availability Zones (AZs) within 20 geographic regions, spanning the U.S., Australia, Brazil, Canada, China, France, Germany, India, Ireland, Japan, Korea, Singapore, Sweden, and the UK. AWS services are trusted by millions of active customers around the world - including the fastestgrowing startups, largest enterprises, and leading government agencies—to power their infrastructure, make them more agile, and lower costs. To learn more about AWS, visit https://aws. amazon.com.

AWS supports the event financially.

Back«Market

Founded in 2014, Back Market is the number one European marketplace (soon to be worldwide!) exclusively dedicated to give electronic products a second life.

Our mission is simple: build a consumer alternative to the purchase of new electrical and electronic devices.

And work against planned obsolescence and the exponential production of electronic waste.

As a growing tech company, most of our product relies on open source technologies and tools (Django, Vue.js, Go and many more). For us, promoting and contributing back to an open source community is one step closer to our ideal of society.

Back Market supports the event financially.

The Cloud Native Computing

Foundation (CNCF) is an open source software foundation dedicated to making cloud native computing universal and sustainable. Cloud native computing uses an open source software stack to deploy applications as microservices, packaging each part into its own container, and dynamically orchestrating those containers to optimize resource utilization. We host and nurture components of cloud native software stacks, including Kubernetes, Envoy and Prometheus.

The Cloud Native Computing Foundation (CNCF) supports the event financially.
