The background is a solid blue color with a repeating pattern of various white tech-related icons. These icons include a mail envelope, a document with lines, a folder, a picture frame, a lightning bolt, a magnifying glass, a group of three people, a calendar, and a speech bubble. They are arranged in a grid-like fashion across the entire background.

Jack Wallen TechRepublic:
Never before have I been so
impressed with a piece of
open source software."

Forbes: Nextcloud is taking a serious leap forward today by rebranding itself as “Nextcloud Hub,” and the name change is meaningful.

ZDNet: For years, Nextcloud has set the standard for run-your-own Infrastructure as a Service (IaaS) private clouds. Now with the open-source Nextcloud Hub, it's taking on Software-as-a-Service (SaaS) office programs such as Google Docs and Office 365.

Summary:

- 🎬 This doesn't exist anywhere else
- 🎬 Modern collaboration and communication features
- 🎬 100% Open Source and On Premises
- 🎬 No Vendor Lock-In
- 🎬 Federated and Distributed
- 🎬 Secure and privacy aware
- 🎬 Community driven

Thanks a lot!
