Strengthening Developer Communities in mid of pandemic

SONIA SINGLA

@soniasinglas

FOSDEM 2021

SONIA SINGLA

- Final year IT student at PU CHD
- Devrel Intern at Embark Studios
- CNCF Intern with Thanos
- Kubernetes 1.21 & 1.20 release team
- Outreachy Intern at Mozilla
- www.soniasingla.com

Living in the world of Pandemic

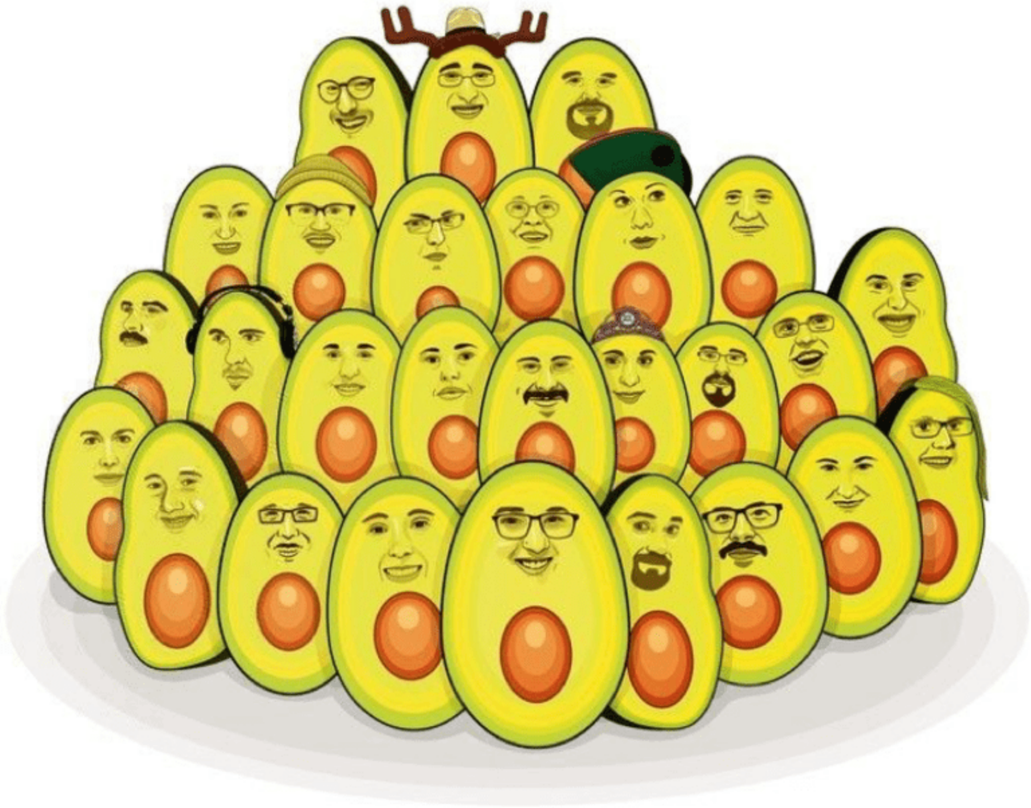
How does pandemic impact us as “**developers**”?

Where does that leave us?

Take advantage of our circumstances

Why are you here?

Learn about the Community



Listen to Community Members

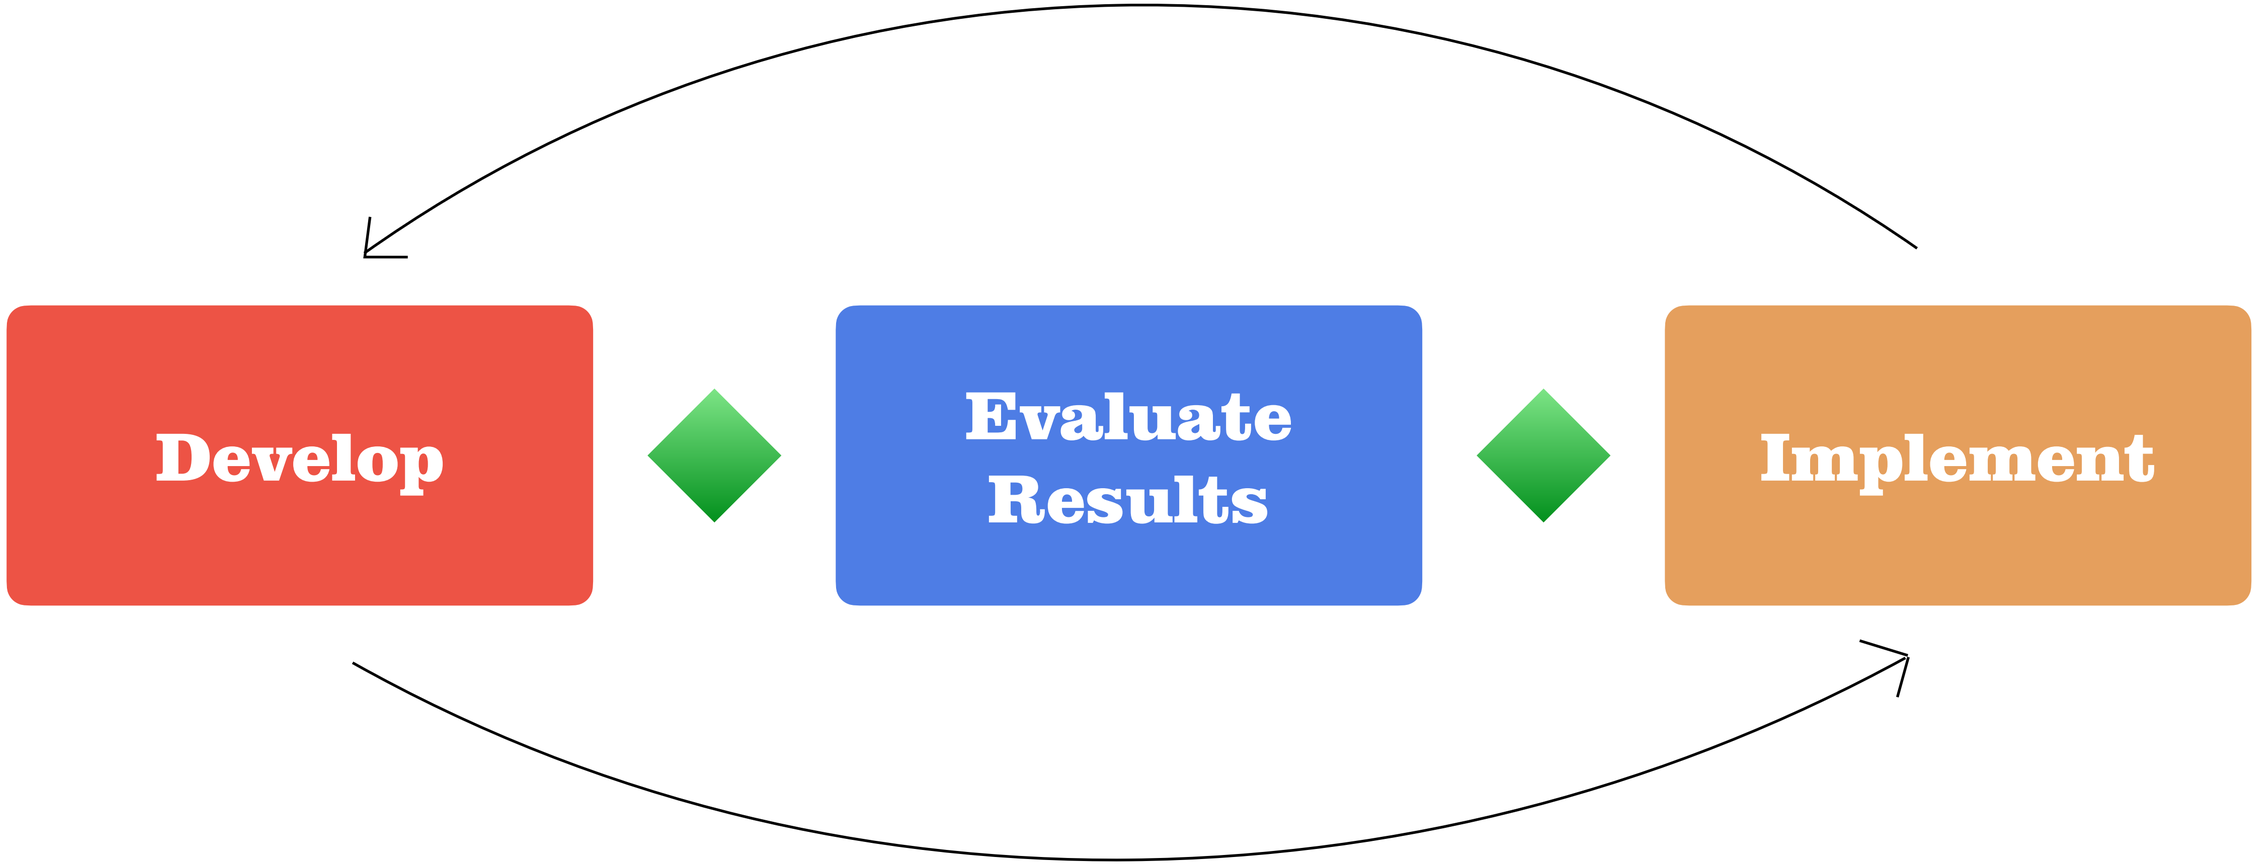
Bring people together to develop a shared vision

Assess community assets and resources, needs and issues

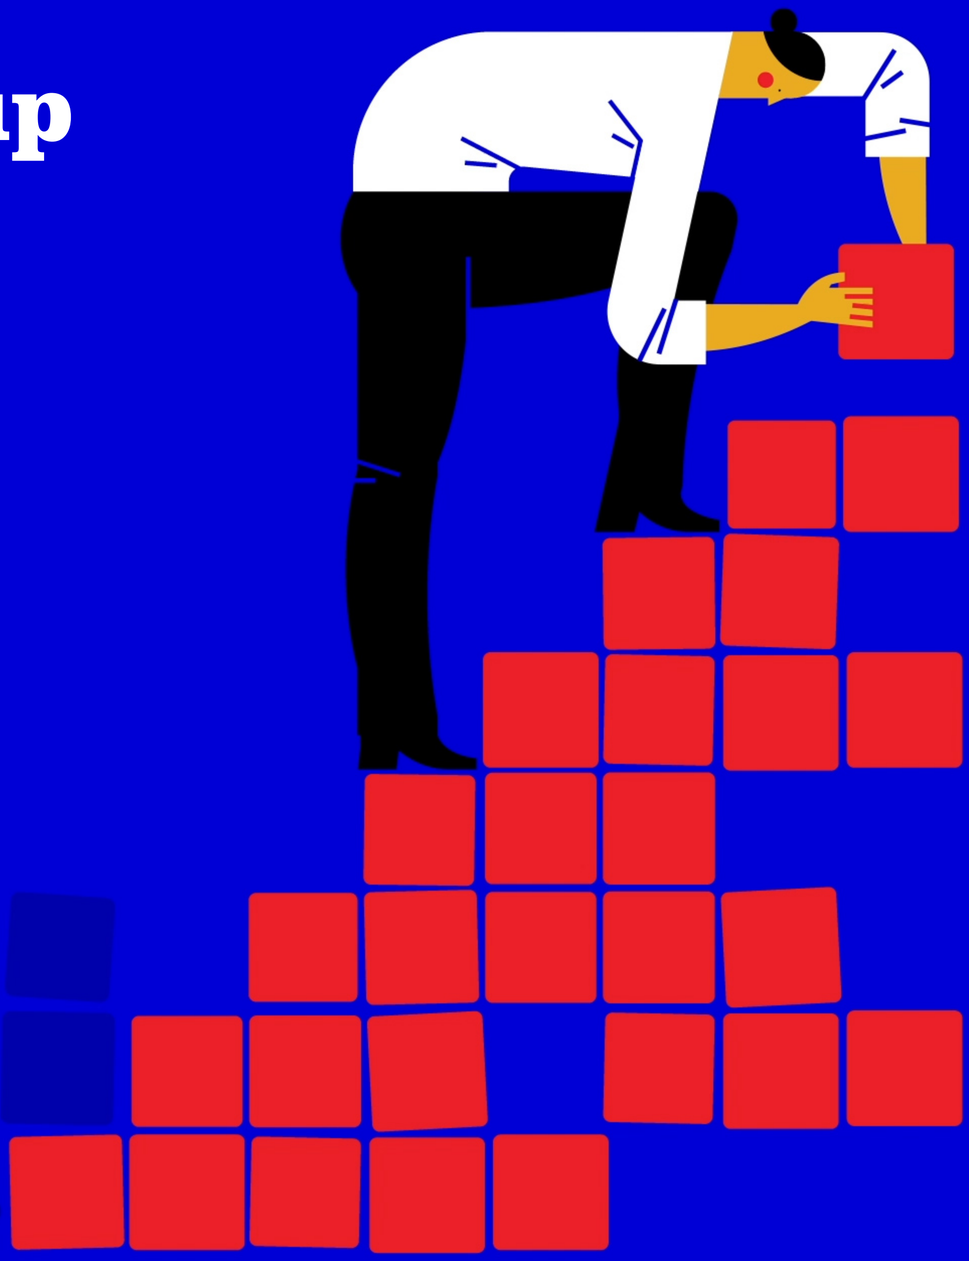
Help community members to recognise and articulate areas of concern and their causes

Establish a vehicle for change

Action Plan

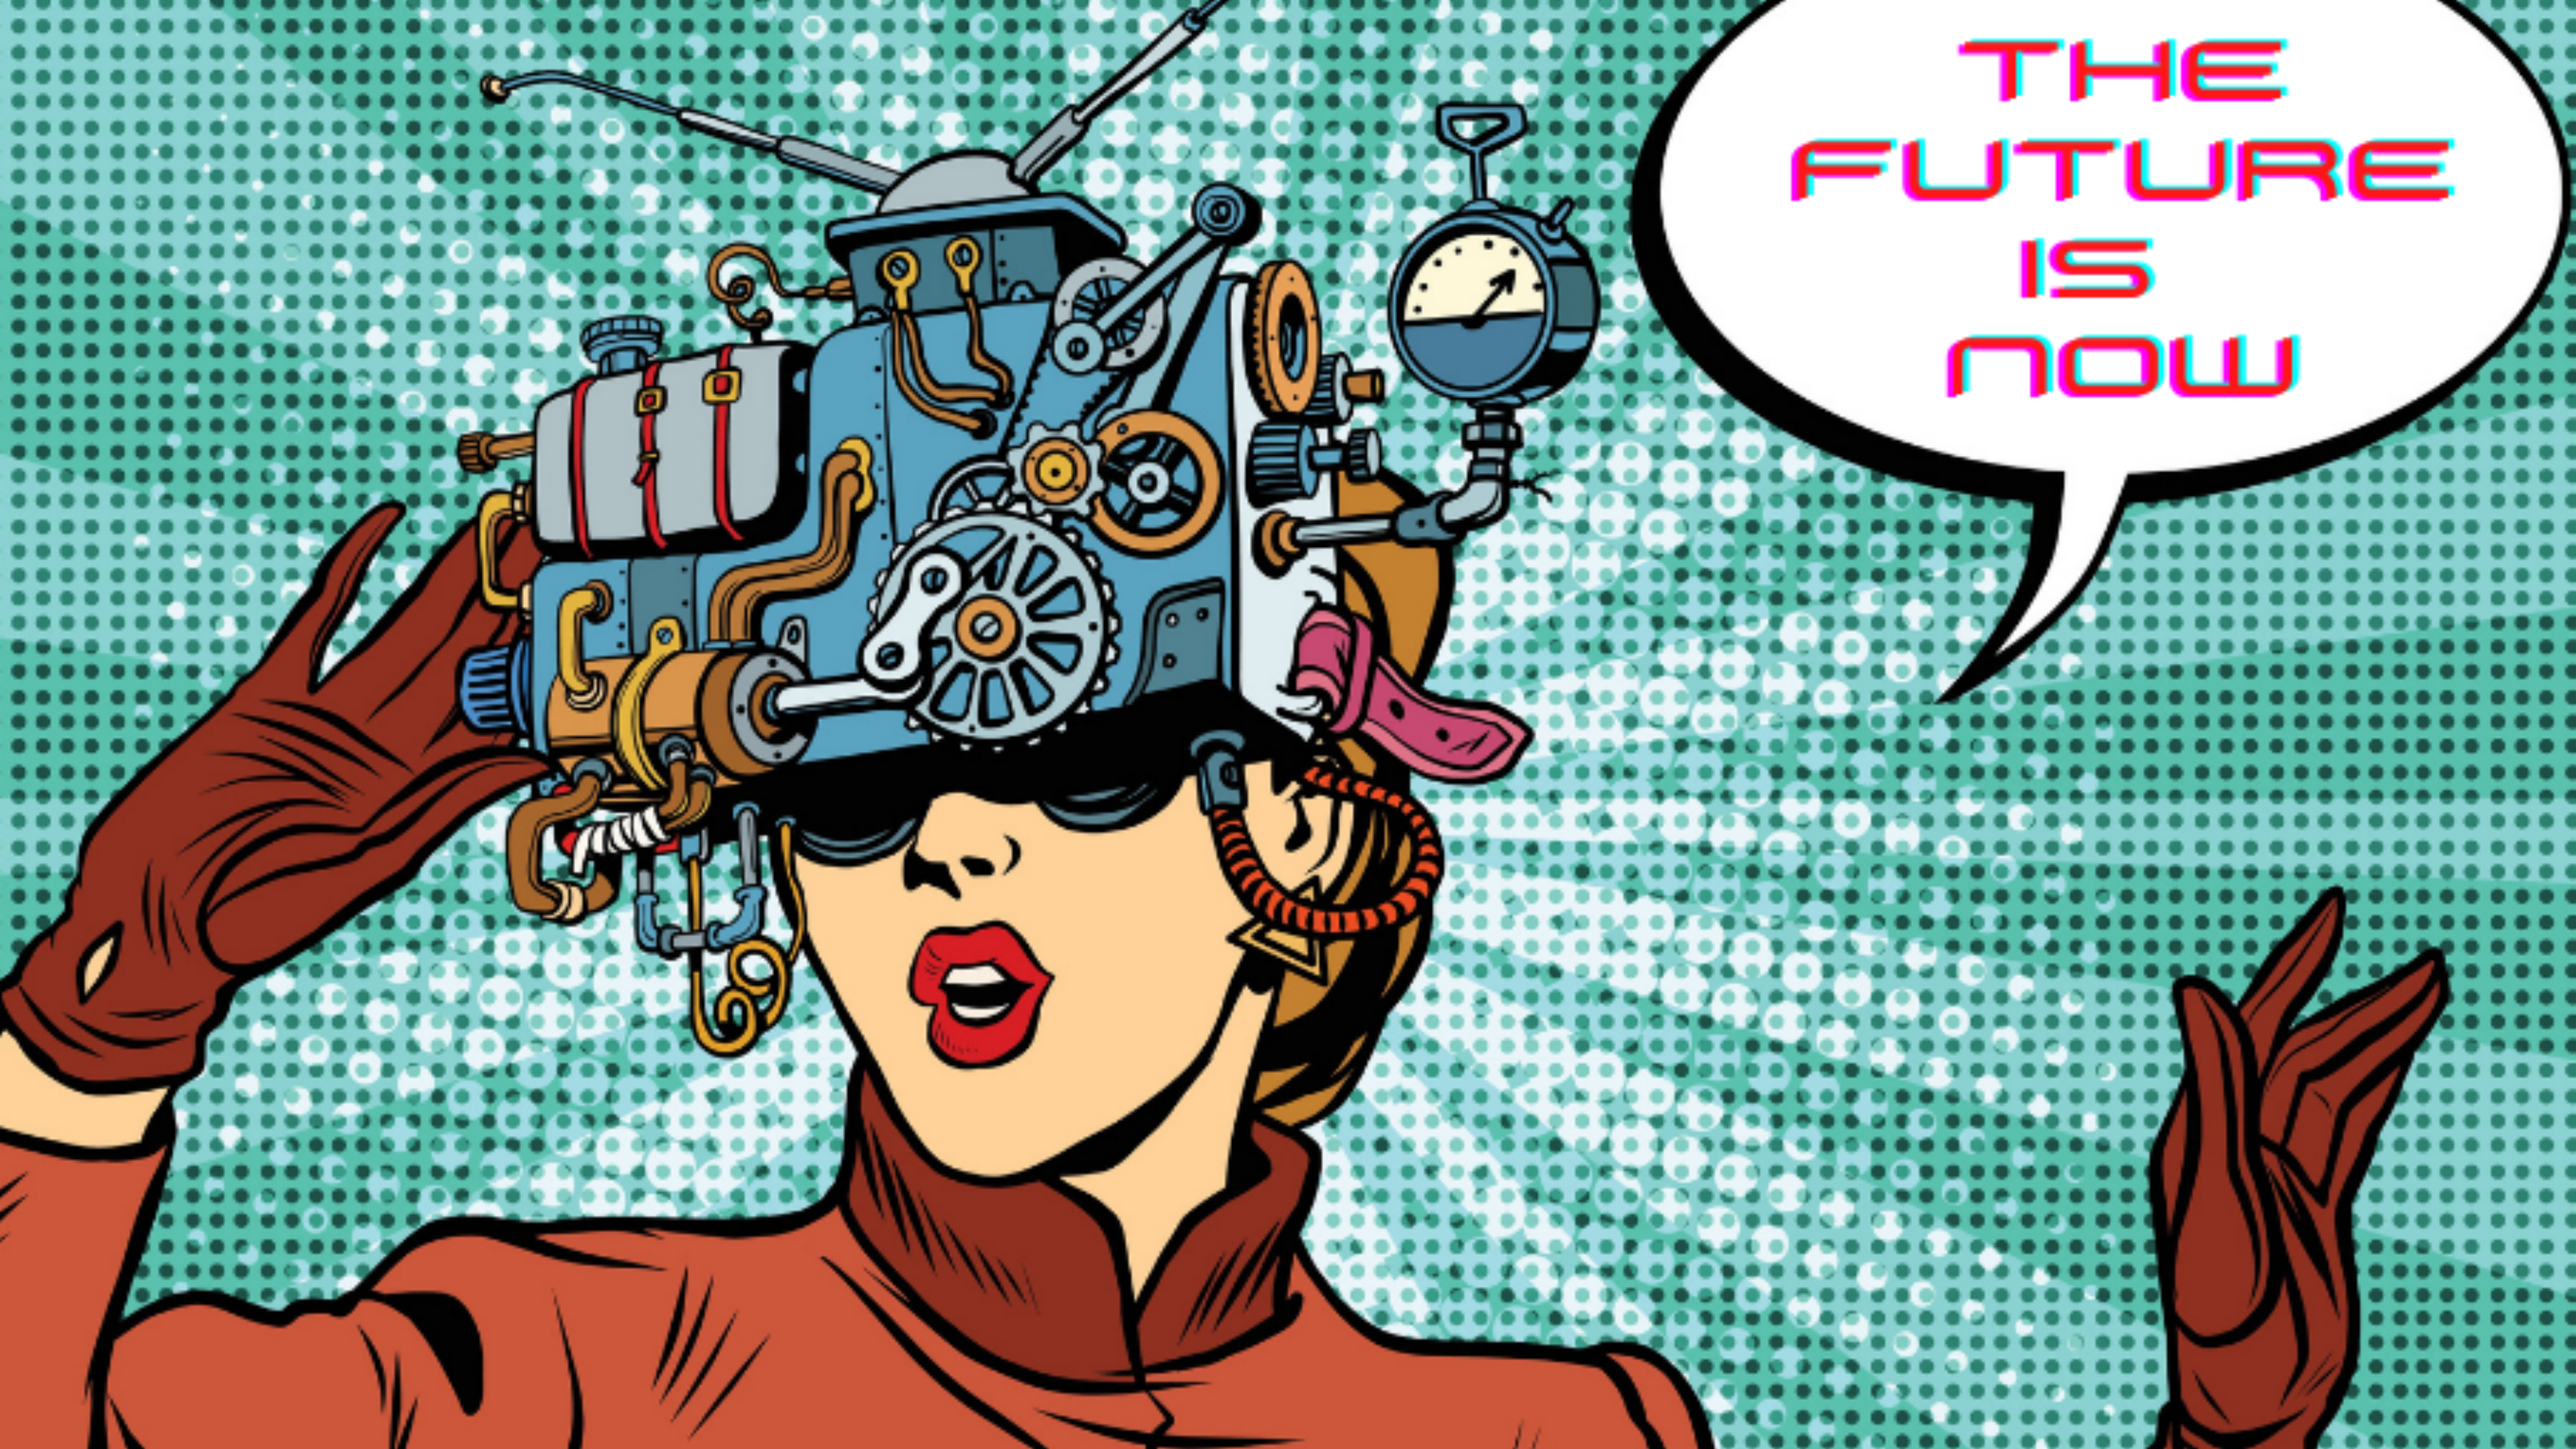


Reflect and regroup



Community Development: Agenda's

- Learn about the community
- Listen to community members
- Bring people together to develop a shared vision
- Assess community assets and resources, needs and issues
- Help community members to recognise and articulate areas of concern and their causes
- Establish a vehicle for change
- Develop an action plan
- Implement action plan
- Evaluate results of actions
- Reflect and regroup



THE
FUTURE
IS
NOW

How can it help us in **“long term goal”**?

Shift at Embark - Meaningful way

1. Diversity in teams

Shift at Embark - Meaningful way

1. Diversity in teams
2. Online Communications - won't replace real world interactions, but we are focusing on making them much more integrated.

Shift at Embark - Meaningful way

1. Diversity in teams
2. Online Communications - won't replace real world interactions, but we are focusing on making them much more integrated.
3. No meetings Wednesday

What are you going to take home?
