# Bienvenue sur la plateforme

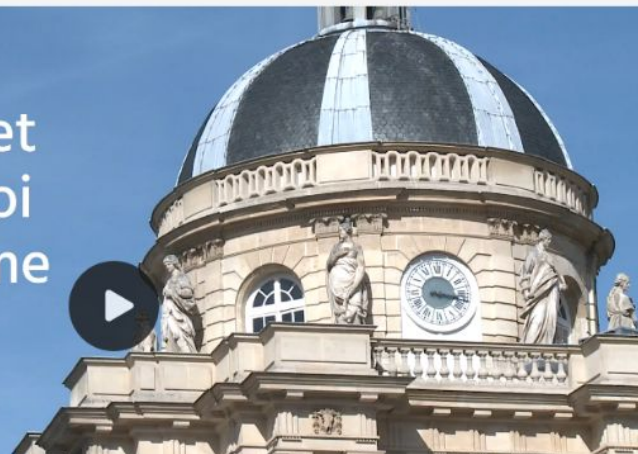

e pétitions  
du Sénat

La plateforme e-pétitions du Sénat permet de déposer une pétition ou de soutenir une pétition déjà publiée.. Ces pétitions permettent, si **plusieurs conditions sont réunies**, de pouvoir saisir le Sénat d'une demande d'inscription à l'ordre du jour d'un **texte législatif** ou de **création d'une mission de contrôle sénatoriale**.

Les pétitions ayant recueilli au moins 100 000 signatures dans un délai de 6 mois sont transmises à la **Conférence des Présidents**.

15000 attendees physically & 25000 participants

## 230,000+ online interactions

supports, endorsements, comments

## 10,870 proposals

72% acceptance rate

decidim.barcelona/participatory strategic planning

# Monitoring results

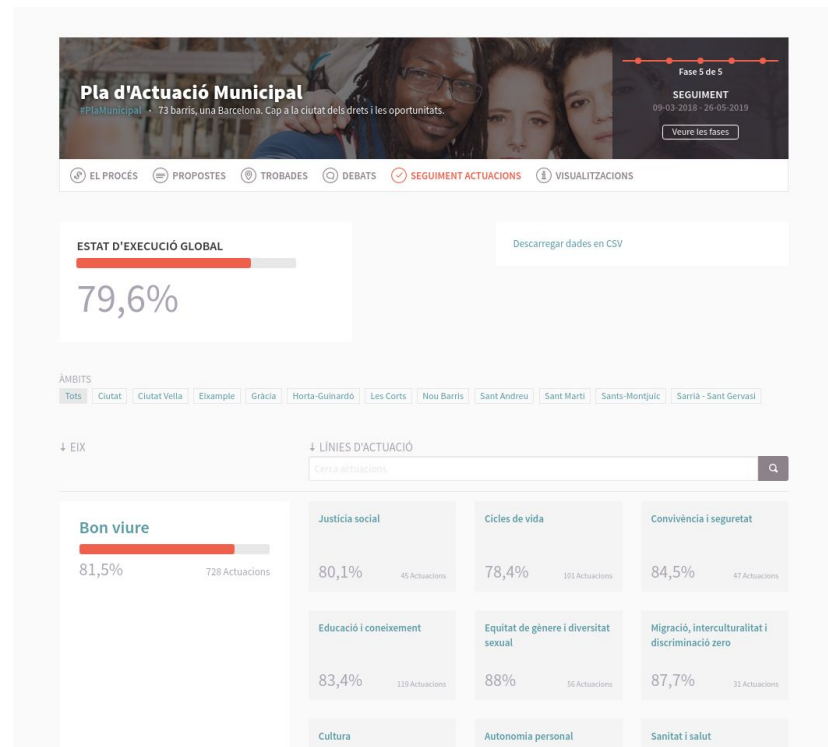

The proposals were converted to

**1,500 Actions**

**~7,000 accountable projects**

**2019**

**~80% execution of the projects**

# A real story

- In 2020, the city of Barcelona launched for the first time a Participatory Budgeting process, in which citizens directly decided how to spend part of the public budget in each district.
- The available budget was 30 million euros.

## PHASES OF THE PROCESS

1

03-02-2020 - 22-05-2020

Debate and collection of projects

2

23-05-2020 - 18-03-2021

Technical evaluation of the projects

3

22-03-2021 - 05-04-2021

Prioritization by collecting supports

4

06-04-2021 - 07-05-2021

Concretization of projects

5

10-06-2021 - 20-06-2021

Final vote

6

21-06-2021 - 30-06-2021

Return and communication of results

7

01-07-2021 - 31-12-2023

Promotion and monitoring of projects

## A real story

- A group of young girls play cricket in a municipal facility that is not properly equipped for the practice of this sport.

# A real story

- They make a proposal to improve and refurbish the equipment for cricket practice.
- They explain the shortcomings of the facility, and argue that, although it is a minority sport, its practice has increased in recent years.

[← Return to list](#)

## Reform of the Julià de Capmany Sports Field for the practice of minority sports

 Ana | 21/05/2020 14:46 

### - Brief description:

Conditioning and refurbishment of the Julià de Capmany Sports Field for the practice of minority sports, mainly Cricket-

### -Extended description:

We are a group of young people who practice Cricket 11 as part of the *Criquet Jove project at Bcn and Convivim Esportivament* and we train every Saturday at Camp Julià de Capmany, in the Sants-Montjuic district, like many other cricket teams.

The conditions in which this field is located are not suitable for the practice of the sport. Many times we have not been able to train due to the deterioration of the facilities of the track and the environment. The floor is in very poor condition and we may be injured. There is no storage space or locker room, no water point.

The demand for playground cricket has grown in recent years. In Barcelona there are about 400 players and cricket players organized in more than 25 teams, without any adequate space to be able to train or play matches.

Given these circumstances, we propose a comprehensive reform of the field, conditioning the space to the needs of Barcelonans who practice minority sports who can share the same design of the space. A series of equipment would be needed: a low grass floor, water point, lighting, changing rooms, seating areas, a module to leave the material, among other things.

### Football-mad Barcelona votes to build cricket oval

A public vote to create a €1.2m ground took the city's authorities by surprise, but the sport has become increasingly popular there

📷 The Barcelona players see themselves as ambassadors for the sport. Photograph: @Xavier Jubierre/eldiario.es

When **Barcelona** gave its citizens the chance to vote on a €30m package of new facilities ranging from cycle lanes to playgrounds, officials were stumped when the proposal that got the most votes was the creation of a cricket ground.

The crack of leather on willow is not a sound you associate with the Catalan capital, but out of 822 projects, the cricket ground got the most votes. This was all thanks to a campaign led by a group of young women.

"It all began three years ago in secondary school when the gym teacher said: 'Right, we're going to start a cricket club out of school hours. Who's up for it?'" said Hifsa Butt, 20, the eldest of the group.

Phase 5. Final vote

# A real story

→ In the end, this project was the second most voted in his district.

# At the beginning, in 2016, just a fork

- Thanks to <https://consulproject.org/> ❤️
- A project from the nice people of Madrid
- That let us implement the first version quickly (in just 3 months)
- With a nice framework (Ruby on Rails)
- But we quickly couldn't keep up merging and maintaining our changes
- We talked with them to collaborate, but they wanted a "Rails Vanilla App" and we wanted a modular architecture

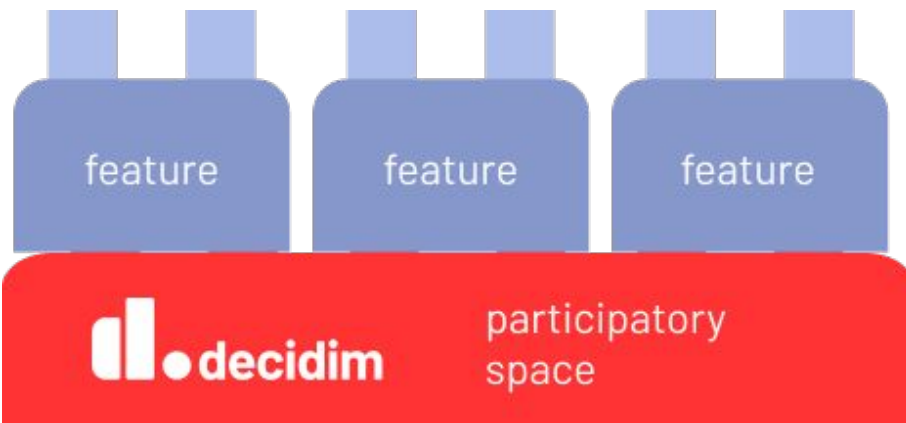

**CONSUL is the most complete citizen participation tool for an open, transparent and democratic government.**

## So, we started from scratch

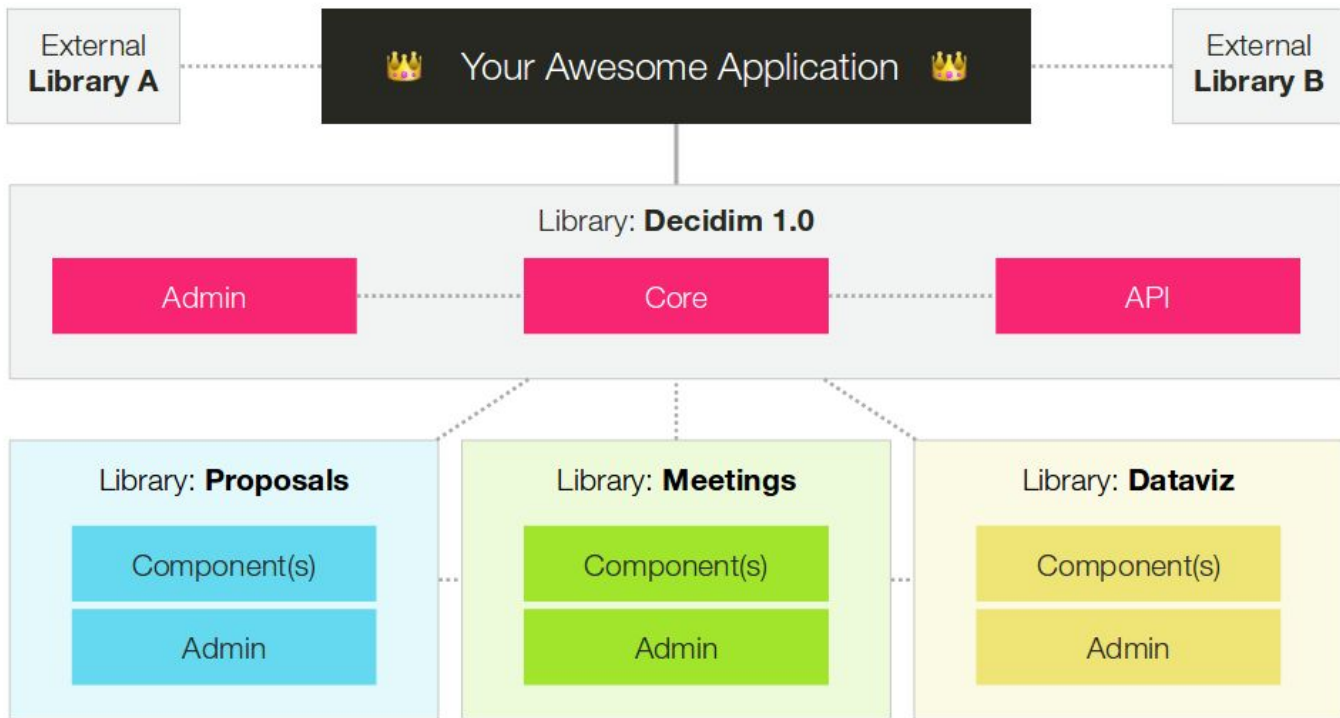

- A **generator** for Rails applications
- With multiple **modules** (libraries or gems) by default
- With **APIs** that allows implementing new ones by the community
- With an **admin dashboard** for configuring most of the platform and its features
- With fully support for **i18n** in most of the contents (because we live in bilingual society in Catalonia)

/extension

## ***“The Decidim framework is the Lego of digital democracy”***

- **Everything is configurable** from the admin dashboard
- Participatory processes are **modular**
  - Steps, categories can be created for each process
  - Components are like Lego bricks you add to your process
  - If there's a need for a new component, it can be developed
- Any participatory project can be mapped with a little creativity
  - Participatory budgeting, Public consultation, CrowdLaw etc.

# Proposals

To articulate the participation

- Flexible unit of participation:
  - ◆ Ideas, contributions, thoughts, proposals, projects
  - ◆ Multiple ways to interact
  - ◆ Multiple ways to navigate
  - ◆ Multiple features associated to.

The screenshot displays the Decidim Barcelona interface. At the top, the navigation bar includes 'Inici', 'Processos participatius', 'Espais de participació', 'Iniciatives', 'Rendició de comptes', and 'Ajuda'. A search bar and user options (Català, Admin, Editar) are also present.

The main header features a banner for the 'Procés participatiu del Programa d'Actuació Municipal (PAM) 2020-2023' with a date range from 15-02-2020 to 30-09-2020 and a 'VEURE LES PÀGINES' button.

Below the banner, a navigation bar lists categories: 'QUÈ ES?', 'PAM INICIAL', 'PROPOSTES DE CIUTAT I DISTRICTES' (highlighted), 'TROBADES', and 'PUNTS MOBILS'.

The main content area shows a message: 'El termini per presentar propostes ha finalitzat. Actualment s'està desenvolupant la valoració tècnica i política de les propostes ciutadanes presentades.' Below this, it indicates '5226 PROPOSTES' and provides filters for 'ESTAT' (Totes, Acceptada, En avaluació, No resposta, Rebutjada) and 'ÀMBIT' (Totes, Ciutat).

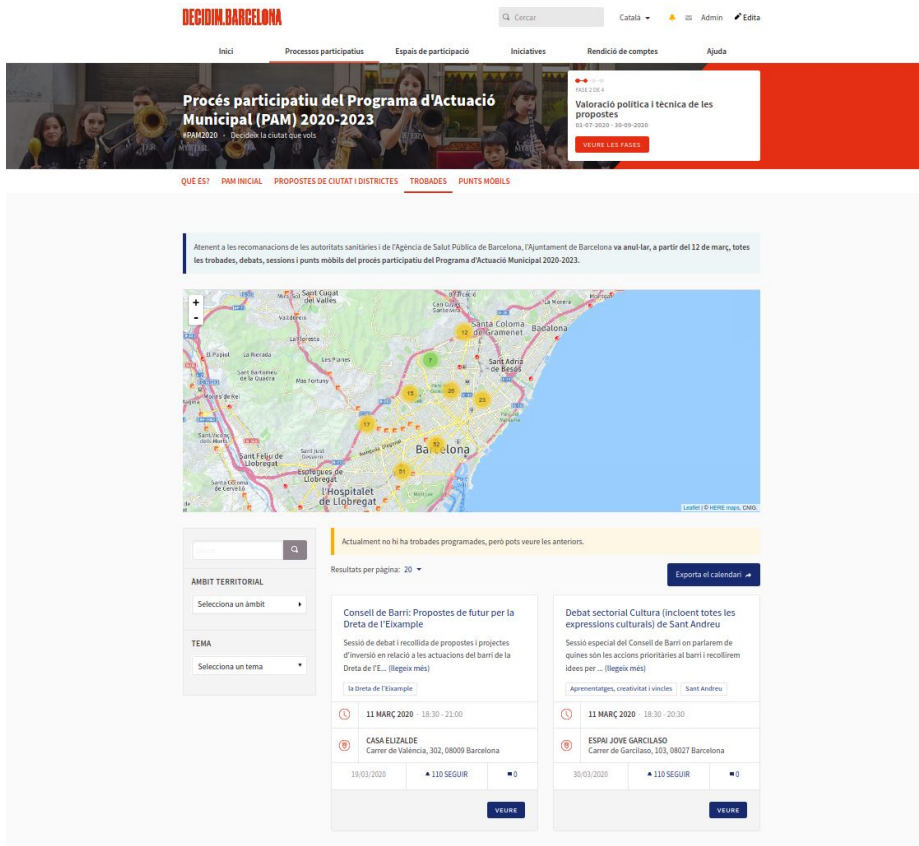

The 'TEMA' filter is expanded, showing categories like 'Aprendentatge, creativitat i innovació', 'Dret a la ciutat', 'Drets socials', 'Emergència climàtica', 'Governança', and 'Progrés econòmic'. The 'ORIGEN' filter shows 'Totes', 'Ajuntament', and 'Propietari'.

The results are displayed in a grid of proposal cards. Each card includes a title, a brief description, a date, and a 'VEURE PROPOSTA' button. The cards are organized by date and status, with a 'SEGUIR' button for each.

## Monthly community calls to discuss features of Decidim

Carol Romero

13/11/2020 17:38

7 comentarios

9 adhesiones

How would you feel about organizing a monthly virtual call to have some discussions on specific topics?

For example, most of you know that next year we want to carry out an in-depth review of the platform's participant experience. We already have some ideas and prototypes of what some of those changes could look like (in the filter system, in the card system, etc.) and would be cool to discuss them.

Or debates like the one that @Ferranrg suggested here:

The screenshot displays the Decidim web application interface. At the top, a navigation bar includes the 'meta decidim' logo, a search bar, and language options (English, Arnav, Edit). Below this, a secondary navigation bar lists 'Home', 'Processes', 'Assemblies', 'Initiatives', 'Consultations', 'Conferences', and 'Help'. The main content area is titled 'SOM Metadecidim (general assembly)' with a subtitle '#Metadecidim · Work area of the Metadecidim community'. A sub-navigation bar shows 'THE ASSEMBLY', 'DEBATES', and 'MEETINGS'. The central text describes the 'SOM Metadecidim' as a productive ecosystem for citizen participation. To the right, there is a 'Follow' button and a sidebar with sections for 'PROMOTER GROUP', 'WHO PARTICIPATES', 'ASSEMBLY TYPE', and 'DURATION'. At the bottom, a 'MEETINGS - PAST MEETINGS' section lists three sessions with their dates and times. A 'SEE ALL (22)' button is located at the bottom right.

How it works

# Participatory processes

Decidim allows customizing any kind of participatory process as strategic planning, urban planning, collaborative legislation, etc...

## PROCESSOS DESTACATS

### Pla d'Equipaments de Nou Barris

El Pla d'Equipaments és una eina de planificació global que recull les necessitats i disponibilitats en l'àmbit territorial del Districte de **Nou Barris** en matèria d'equipaments i proposa un pla d'inversions a curt, mitjà i llarg termini.

El Districte vol dur a terme un **procés diagnòstic** per recollir les necessitats d'equipaments nous. Vol incorporar en aquest anàlisi les visions i opinions de la ciutadania i teixit associatiu i veïnal.

Al final del procés hauréu concretat quins nous equipaments creiem necessaris en el futur, i que, per tant, es proposen per a que amb posterioritat a una validació tècnica puguin estar conte...

[Més informació](#)

## 13 PROCESSOS PASSATS ACTIUS PROPERS TOTS

### Tria el verd de la Colònia!

Volem escoltar i recollir les necessitats i propostes d'entitats, col·lectius, veïnes i veïns, promovent una participació activa en la transformació urbanística de la Colònia Castells, i amb l'objectiu de definir criteris i propostes per a la redacció del projecte executiu d'aquest nou espai públic de zona verda, de 10.000 metres quadrats, situat al barri de Les Corts.

Fase actual: Retorn i Informe final

[Participa](#)

### Repensem Trinitat Nord

L'objectiu d'aquest procés participatiu és definir els usos i futurs equipaments de l'àrea urbana de Trinitat Nord, en els terrenys que actualment ocupen el centre penitenciari i els blocs de pisos del Patronat Municipal de l'Habitatge.

Fase actual: Propostes

[Participa](#)

### Les Rambles

Aquest és un procés que es centra en la cooperació entre ciutadania, entitats, administració i un equip tècnic, per definir criteris de diagnòstic i proposta que guini el disseny, la gestió i la planificació de la millora i adequació d'un espai tan emblemàtic per als i les barcelonines com el de Les Rambles.

Fase actual: Coproducció de propostes

How it works

# Assemblies

Decidim allows organizing all the participatory committees or councils in your city or organization.

The screenshot shows the Decidim Barcelona website interface. At the top, there's a navigation bar with the logo, a search bar, and links for 'Català', 'Admin', and 'Edita'. Below this is a secondary navigation bar with links: 'Inici', 'Processos participatius', 'Espais de participació' (highlighted), 'Iniciatives', 'Rendició de comptes', and 'Ajuda'.

The main content area is titled 'ESPAIS DESTACATS'. It features a large green banner for 'ELS REGIDORS I LES REGIDORES RESPONEN' with a 'PARTICIPA' button. The text on the banner explains that these are online sessions where citizens can ask questions of councilors during lockdown.

Below the banner, there's a section titled '17 ESPAIS DE PARTICIPACIÓ'. It includes a filter for 'AMBIT TERRITORIAL' (Ambient territorial) and 'AREES' (Àrees). The results are displayed in three columns:

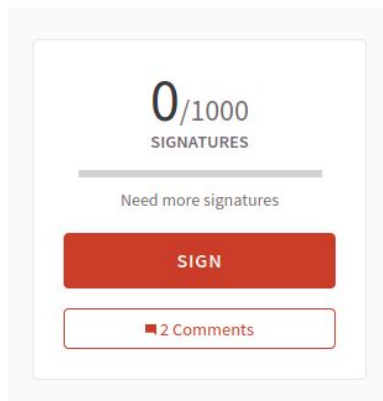

- Sant Andreu:** 'Òrgans de Participació del Districte de Sant Andreu'. It mentions online sessions and a date of 27/04/2020. There are 63 'DEIXAR DE SEGUIR' (Unfollow) buttons and a 'PARTICIPA' button.
- Les Corts:** 'Òrgans de Participació del Districte de Les Corts'. It mentions online sessions and a date of 22/05/2019. There are 15 'DEIXAR DE SEGUIR' (Unfollow) buttons and a 'PARTICIPA' button.

Each entry also includes a 'MÉS INFORMACIÓ' (More information) button.

How it works

# Initiatives

Decidim can be a digital place for citizen petitions with mandatory results.

Inici Processos participatius Espais de participació **Iniciatives** Rendició de comptes Ajuda

**Memòria, justícia i reparació: Canvi de nom de la Plaça Antonio López per Plaça Idrissa Diallo**  
Sol·licitar la celebració d'una consulta ciutadana 28-12-2017 - 28-02-2018

QUÈ ÉS? QUI ERA IDRISSA? QUI SOM? PER QUÈ EL CANVI DE NOM? RECOLLIDA DE SIGNATURES CONTACTE

Aquesta iniciativa ciutadana només recull signatures presencials.

**Memòria, justícia i reparació: Canvi de nom de la Plaça Antonio López per Plaça Idrissa Diallo**  
Tanquem els CIE 28/12/2017

Està vostè d'acord amb que es canviï el nom de la Plaça d'Antonio Lopez pel de Plaça d'Idrissa Diallo com un acte de reparació històrica?

El col·lectiu **Tanquem els CIE** proposem als veïns i veïnes de Barcelona **substituir el nom de la Plaça Antonio López pel d'Idrissa Diallo**, amb la finalitat de reparar simbòlicament la seva mort, commemorar les lluites i resistències migrants i qüestionar i trencar el costum d'honar la tradició esclavista catalana mitjançant estàtues i plaques a la nostra ciutat.

**Comencem! Ens ajudes?**  
Cal que recollim 15.000 signatures perquè puguem preguntar als veïns i veïnes de Barcelona si volen canviar el nom de la plaça, en un exercici col·lectiu de reparació i memòria. **Ens ajudes? Vine el dissabte 13 de gener** per signar i poder ser fedatari de la recollida de signatures.

Your vote is being encrypted to ensure you can cast it anonymously.

How it works

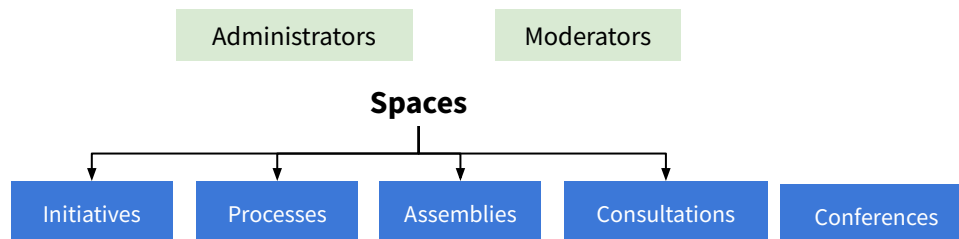

# Easy administration

Decidim has an administration environment designed to be used by non-tech people in order to facilitate the administration of the platform to anyone.

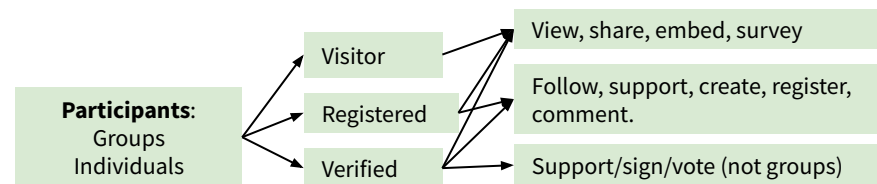

The screenshot displays the Decidim administration interface. On the left is a dark sidebar with the 'Metadecidim' header and a list of navigation items: TALLER DE CONTROL, PROCESSOS, GRUPS DE PROCESSOS, MODERABLES, CONFERENCIES, INCIDENTES, CONSULTES, PAGINES, IMATGES, BULLETINS, CONFIGURACIO, REGISTRE D'ACTIVITAT D'ADMINISTRACIO, and APLICACIONS D'AUTIT. The main content area has a dark header with 'BENVINGUDA A LA COMUNITAT' and a 'Mostra la pàgina pública' button. Below this is a menu with 'Informació' and 'Fases del procés'. The 'Fases del procés' menu is expanded, showing 'Components' with a list of process components and their status (on/off). The 'Components' table has columns for 'NOM DEL COMPONENT', 'TIPIUS DE COMPONENT', and 'ACCIONS'. The table lists various components like 'Trobades', 'Enquesta', 'Debat', 'Propostes', 'Sortejos', 'Seguiment', 'i a més ...', 'Com contribuir?', 'i a més', 'Categories', 'Adjunts', 'Carpetes', 'Filtres', 'Usuaris del procés', 'Usuaris privats', and 'Moderacions'. Each row has a set of action icons (edit, delete, etc.).

| NOM DEL COMPONENT | TIPIUS DE COMPONENT | ACCIONS |

| Component                 | Description  |
|---------------------------|--|
| <a href="#">Admin</a>     | This library adds an administration dashboard so users can manage their organization, participatory processes and all other entities.                          |
| <a href="#">API</a>       | This library exposes a GraphQL API to programatically interact with the Decidim platform via HTTP  |
| <a href="#">Budgets</a>   | Adds a participatory budgets system to any participatory process.  |
| <a href="#">Comments</a>  | The Comments module adds the ability to include comments to any resource which can be commentable by users.  |
| <a href="#">Core</a>      | The basics of Decidim: users, participatory processes, etc. This is the only required engine to run Decidim, all the others are optional.                      |
| <a href="#">Dev</a>       | This gem aids the local development of Decidim's features.   |
| <a href="#">Meeting</a>   | The Meeting module adds meeting to any participatory process. It adds a CRUD engine to the admin and public view scoped inside the participatory process.      |
| <a href="#">Pages</a>     | The Pages module adds static page capabilities to any participatory process. It basically provides an interface to include arbitrary HTML content to any step. |
| <a href="#">Proposals</a> | The Proposals module adds one of the main features of Decidim: allows users to contribute to a participatory process by creating proposals.                    |
| <a href="#">Results</a>   | Adds a results section to any participatory process so users can follow along the state of the accepted proposals.   |
| <a href="#">System</a>    | Multitenant Admin to manage multiple organizations in a single installation  |

## modules

By using modules you can extend Decidim functionality and share it with others. They allow you to easily upgrade in the future. See the [documentation for making your own module](#).

### community

| Name                                  | Description   | Image   |
|---------------------------------------|---|---|
| <a href="#">Accountability simple</a> | Simplifies the user interface of the accountability module for clearer display of the results.  |   |
| <a href="#">Action delegator</a>      | Provides extended functionalities for cooperatives. Combines a CSV-like verification method with impersonation capabilities that allow users to delegate some actions to others.  |   |
| <a href="#">Analytics</a>             | Enables tracking through Matomo and adds a tab in the admin panel showing one Matomo dashboard (or more) of your choice.  |  |
| <a href="#">Anonymous proposals</a>   | Transform proposals component to allow not signed in users creation of proposals. For this the proposals created anonymously will be linked with a special anonymous users group. There is a task to create/update anonymous groups in organizations explained in Installation section. |   |
| <a href="#">Antivirus</a>             | A Decidim module to add antivirus checks as validations for Decidim's public file uploads, e.g. for proposals.  |  |
| <a href="#">Budgeting pipeline</a>    | Improves the budgeting component's voting feature by providing a budgeting pipeline which guides the user through the budgeting process.  |  |

Participatory Process for the UX & Accessibility Review

It'll be a process for getting feedback about the diagnosis and implementation of the redesign, organized in four blocks of three months each.

Each block will have a debate, a community meeting, and a mockup as result.

The blocks will be:

- General Appearance I: Home Page, Navigation system, and Comments
- General Appearance II: Search, Filters, and Cards
- Participatory Spaces: Processes and Assemblies
- Components: Meetings, Debates, Proposals, and Surveys

4

2022 Q1 (January - March)

+

...

Decidim Installer

First iteration will include these tasks:

- All Official Decidim configurations in ENV vars
- Create a optimized, configurable Docker image using ENV vars
- Document the procedure to easily generate custom Decidim docker versions

Added by carolromero

New e-voting module up and running

Added by carolromero

UX & Accessibility Review

On this development we will:

- Make Participant Experience (PX) testing
- Make mockups of frontend, backend, and system
- Implement layout implementation of mockups
- Migrate from Cells to ViewComponents
- Migrate decidim-app\_design to StoryBook.js

Contributor

### Describe the bug

*A clear and concise description of what the bug is.*

As an admin, when exporting meetings I do not find the unpublished meetings in the exports.

### To Reproduce

*Steps to reproduce the behavior:*

1. Go to "[https://try.decidim.org/admin/participatory\\_processes/sint-sed/components/11/manage/](https://try.decidim.org/admin/participatory_processes/sint-sed/components/11/manage/)"
2. Click on Export meetings in Excel
3. See error

### Expected behavior

*A clear and concise description of what you expected to happen.*

I'm not sure if the unpublished meetings should be available or no in the exports, I'd love to hear what you think @carolromero @andreslucena.

### Additional context

*Add any other context about the problem here. For instance, add Metadecidim link.*

## What? Why?

The seed data include proposals with different origins (Meetings, Groups and Participants) instead of only proposals with official origin.

## Related Issues

- Fixes [#7247](#)

## Testing

1. Reseed the application (bin/rails db:drop db:create db:migrate && bin/rails db:seed) or re-create it if reseeding throws errors (bin/rake development\_app).
2. Go to a proposal index in a participatory process.
3. See that there are proposals created by organizations, participants, groups and meetings.

♥ Thank you!

THE ASSEMBLY MEETINGS PROPOSE A NEW SOP

← Back to list

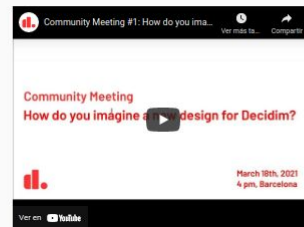

### Community Meeting 1: How do you imagine a new design for Decidim?

Official meeting 01/03/2021 17:00 15 comments

In autumn of this year we will start working on the redesign of the interface of Decidim. We invite the Decidim community to join this session, get to know the first drafts we've been working with and give your valuable feedback.

(This session will be held in English)  
Central European Time

Watch the video of the meeting:

<https://www.youtube.com/watch?v=aHPP5o7Zoc>

#### STRUCTURE OF THE SESSION

1. Welcome [ 16:00 - 16:10 ]

2. Presentation of proposals [ 16:10 - 16:30 ]

Explanation of the design proposals: context, needs covered and details of the layout.

The screenshot shows the 'Decidim Day 2019' event page on the 'OPEN SOURCE POLITICS' website. The page has a dark header with a search bar and navigation links. The main content area features a large image of people at a meeting, with the event title 'Decidim Day 2019' and a description. A sidebar on the right shows the event's progress, indicating it is 'ÉTAPE 8 SUR 8' (Step 8 of 8) and 'Bilan' (Review) for the dates 17/09/2019 - 28/09/2019. Below the main image, there is a horizontal menu with tabs for 'PRÉSENTATION', 'BILAN', 'RENCONTRES PRÉPARATOIRES', 'ETAPES 1-2) ÉMÉRGENCE DES PROBLÉMATIQUES', and 'ETAPES 3-4) VALIDATION DES THÉMATIQUES'. The 'BILAN' tab is currently selected. The main text area contains a paragraph about the event, mentioning 'Open Source Politics' and 'club des utilisateurs francophones de Decidim'. A 'Suivre' (Follow) button is visible on the right. At the bottom, there is a section for 'LIEU D'ORGANISATION' (Organizing Location) which is 'Liberté Living-lab'.

#DecidimAssociation · Decidim Association

[THE ASSEMBLY](#) [EVENTS](#) [REGLAMENTO INTERNO \(RENOVACIÓN COMITÉ\)](#) [BLOG](#)

The Free Software Association Decidim is a democratic association that takes care of the governance of the community of Decidim, the digital platform for citizen participation. We were born on [February 16, 2019](#) in an [extraordinary assembly of the community](#), with the approval of the statutes.

### Our goal

We want to contribute to the democratization of society through the development of technology, methodologies, practices, standards, actions, narratives, and values, in a free, open, collaborative, and thoughtful manner.

### What kind of world do we want?

We want a radically democratic society in which everyone takes part among equals in common life, a key step towards a more egalitarian, just and inclusive society: in short, towards a better society for people. We have not

## the government of catalonia, barcelona city council and the free software association decidim sign a collaboration agreement to promote democratic participation with free and open technologies

09/02/2021

The Free Software Association Decidim has signed a collaboration agreement between the Department of External Action, Institutional Relations and Transparency of the Generalitat de Catalunya and the Barcelona City Council.

The aim is to promote participatory democracy and to develop and implement open, free and democratic digital infrastructures for participation.

It also seeks to promote the use of Decidim ([External link](#)) for citizen participation by both public administrations and social entities and to work collaboratively with other public institutions such as social entities and social agents in order to join forces to deepen technological sovereignty and improve the quality of democracy in the digital age.

Both institutions recognise Decidim as a key infrastructure for the deployment of citizen participation policies and as a tool for the extension of democracy in all types of organisations.

Created by Barcelona City Council and the Decidim community in February 2016, it has been adopted by the Generalitat de Catalunya and other public administrations and social entities in Catalonia and around the world. There are currently more than 300 active instances and it has been implemented in 18 countries, by local governments and very diverse institutions such as the governments of Mexico City, Helsinki, New York and Kakogawa (Japan) and the National Assembly of France, to name a few. In 2019, it was recognised by the [European Commission](#) as one of the most innovative open source projects in Europe. The governance of its code is the responsibility of the Decidim Free Software Association, which is in charge of ensuring the democratic practices of the platform and the promotion of its community Metadecidim.
