

Monitoring & Observability

Waffles@Brussels

Welcome

It's really good to be back!

Welcome

This is the seventh Monitoring & Observability devroom in a row.

One of the longest-running devrooms, by now.

Transparency notice

Over the years, everyone organizing this devroom either stopped doing so, or started working at Grafana Labs.

You'll notice that the schedule does ***not*** reflect that.

Themes

There's usually a natural theme in submissions and thus selection

This time, it's less about new technology and new signal types

It's about applying all of this to your existing workloads

Schedule

The speaker for 16:30-17:00 is ill

So we can fit 2-3 lightning talks!

Stickers & Swag

There's a sticker and swag swap table in the front left.

DO NOT PUT STICKERS ON ULB PROPERTY!

Etiquette

Take all trash with you, no matter if yours or not.

Use the trashcan to the back.

Etiquette

Speakers do this for free.

To maximize Q&A time we will allow you to leave & enter during the Q&A.

Leave and enter quietly or we WILL shout you down.

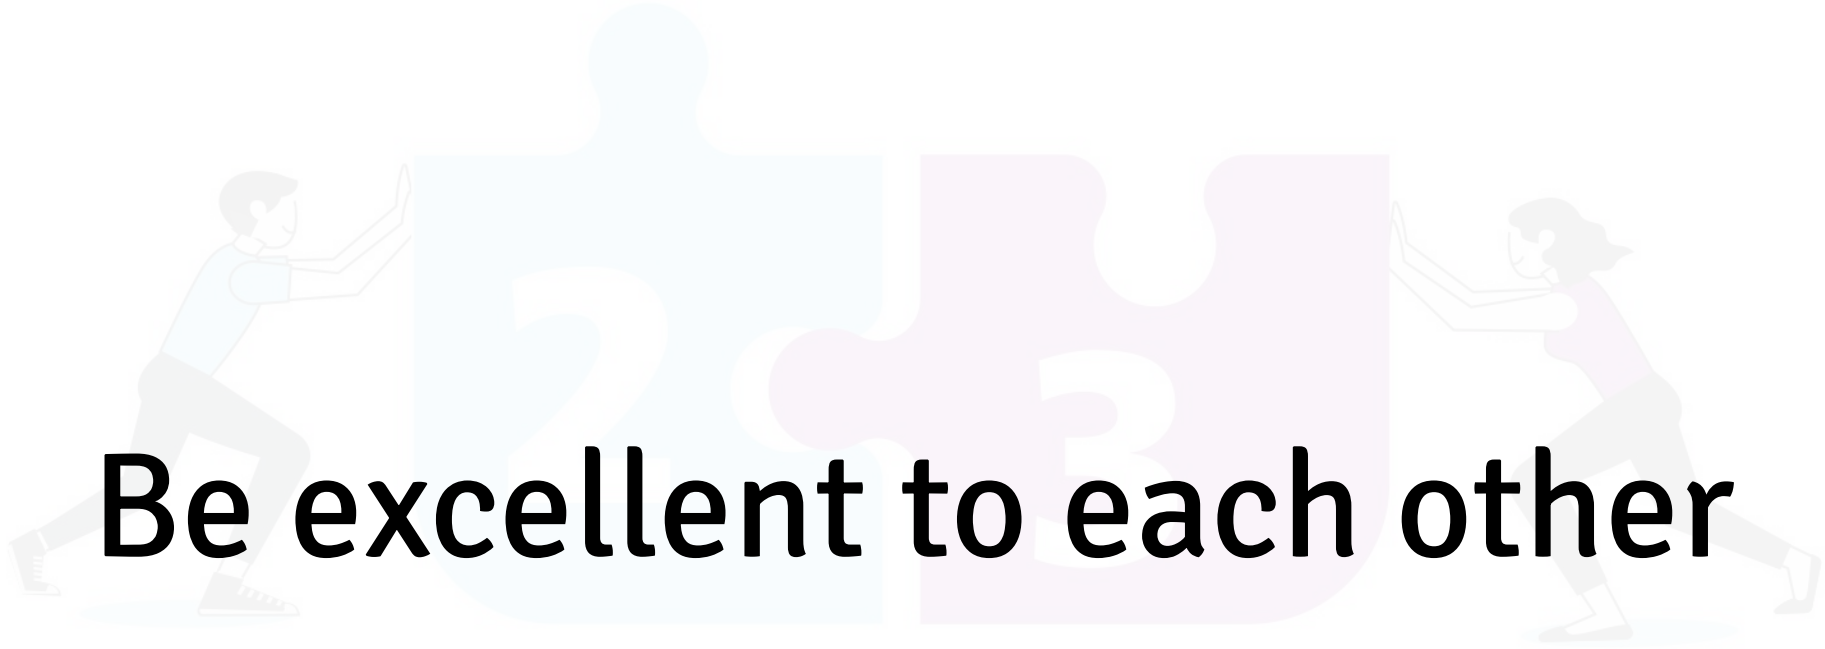

Code of Conduct

Anyone with a blue or yellow shirt
