

# Interactive discussion on organizing LLVM socials/meetups

or: how to interact face-to-face with other LLVM users and developers.

# A few questions to get started...

- Who in this room has:
  - Attended a social/meetup?
  - Would like to attend one? Is anything holding you back?
  - Organized one? What are your main experiences?

# Some links on socials/meetups

Where to find existing LLVM socials/meetups: <https://www.meetup.com/pro/llvm/>

Also see channels on LLVM Discord: <https://discord.gg/xS7Z362>

Some guidance on starting your own: <https://llvm.org/docs/MeetupGuidelines.html>

# Talking with LLVM users/developers face-to-face online
