The IoTSF Approach

You can download our publications for free – without registration.

We encourage you to reference, share and help others find them.

Materials published by IoTSF include contributions from security practitioners, researchers, industrially experienced staff and other relevant sources from IoTSF's membership and partners. IoTSF has a multi-stage process designed to develop contemporary best practice with a quality assurance peer review prior to publication.

Our Goal for AI at TechWorks

- Most TechWorks members are professional engineers
  - senior, experienced, innovative
  - but new to AI/ML
- Aim to fill gaps in the market
  - Freely available guides
  - Initial plans: trustable AI and best practice guides
    - target is the professional engineer
    - see: github.com/TechNES-UK/best-practice-guide
